“We’ve been building out our stock of the state registries we can reach, and by early next year we will be able to reach the bulk of those registries,” Acierno said.

“Over the past few years, they have been working together,” Acierno said. “Laboratories and manufacturers have been collaborating to ensure the availability of the medications we need.”

“Many of these companies are located in different countries, so they have to work together to ensure the medications are available,” Acierno said.

“By early next year, we will be able to reach the majority of those registries,” Acierno said.

“I use this to set my brows, works like a charm,” Acierno said.
